

## Knowledge Seeker Workshop 323

Thursday 9 April 2020 CE, 2 *Jalál* Glory 177 BE

The last workshop I looked at in detail was in the month of August 2017, in which the World Peace Treaty was signed by 198 Nations with awake and aware people taking the Soul leadership of their Nations. It was in this month that @@ and I and our son K drove from Turkey north through Bulgaria Romania Hungary Austria back to the Czech Republic, where we turned in our lovely little audiA3 and flew back to New Zealand *Aotearoa*. After the 3 years of travelling, meeting MK and Carolina several time, along with many other Knowledge seekers around the planet, I was hit by a very heavy tax bill, which was to take another 3 years to finally pay off and get back up to date with the IRD, Inland Revenue Department (which I will show later in the workshop is rapidly transforming into the CUP). In any case this turned out to be a great blessing in disguise as I was forced to fly to Oz every month in my profession as rural emergency doctor to do a regular roster of night shifts, and it gave me the time and space in the year of 2018 CE, 175 BE, to stitch up 53 books of workshops and explorations into the Keshe Universe over 4 years of Workshops and developments. Most of these are now available as cheap pdfs in the Shop.

The year of 2019 CE 176 BE was then spent writing a 54<sup>th</sup> Book, a spiritual journey, in which the synchronicity was so astonishing that I initially entitled it *Signs of the Universe*, but it ended up with a much more humble, befitting a true seeker and detached wayfarer, title; *The Path of Search*, soon to be available along with Book 53, (The 3<sup>rd</sup> Book of Search) in the Shop. At this point the contents may still be a threat to my registration to practice my profession, as I've had 2 strikes already, am currently working under close observation by the powers that be, and a 3<sup>rd</sup> strike may promote me to working only with plasma medicine and no longer licenced to use pharmaceuticals or surgery...

It was only a month ago on Black Friday the 13<sup>th</sup> of March 2020 that I flew back to do my regular roster of 18 days on with 2 off in the middle, unaware that instead of flying back to NZ for 10 days a month as usual, I would be stranded in Oz for a few months, and at this point maybe up to 6 months or even longer before I can get back to my family and tribe in *Te Hiku O Te Ika*, The Tail of the Stingray in the Far North of *Aotearoa*. Of course it was no accident that my interest in the Kf suddenly fired up again with MK's teachings on the COVID19 crisis and his easy solutions for ALL viral infections, and so I have made a series of Cups Of Life, COL1 – with Zinc based GANS for the brains lungs and skin, COL2 – with Copper based GANS for the organs below the diaphragm and the muscles – and the 3<sup>rd</sup> Double Cup arrangement referred to as the Cup of Man – COM, with pictures posted on the KfNZ Transcriptions blog.

Just a few days ago, after having a Zoom meeting with Jimmy and Lisa and the Northern NSW Plasma group, I realised some more mistakes I made in the 1<sup>st</sup> Cups, and Lisa MacDonald a few days later posted a very helpful blog post on their website [Plasma In Nature](#). After the Zoom meeting I made a Very special COL1 which was created on Easter Monday the 3<sup>rd</sup> day of Passover, the day on which the Christ resurrected His body, and the day that MK in this workshop 323 Thursday 9<sup>th</sup> April 2020 CE also said was the birthday of the *Mahdi* in his Iranian Shi'i and Zoroastrian religions.

The timestamps are not accurate; they indicate the approximate time that each note refers to on the YouTube timeline.

19m: Rick Crammond's intro: MK says this is a special day being the 9<sup>th</sup> Day of April and the day completing a cycle before the birth of the Mahdi Easter 2020... 27m: In the streets of Tehran, Iran, people are living like normal, taking buses etc, while much of the rest of the world is in lockdown and the Streets and Motorways of major Cities are empty across the planet. This difference is due to the coming of the Mahdi... 30m: A story of the man dying in the ICU in Iran who the doctors gave up on but allowed the protocol with the COL 1 & 2 and the patient was discharged in the next few days. Mk is very angry that there was a young woman age 31 in the next bed, who had an identical course of her lung disease, but was not allowed to receive the GANS protocol and died. Mk is so angry he goes into a condemnatory tirade against the Evil doers, particularly the King of Belgium, Bill Gates, and the Illuminati agenda which is to get rid of the weak. Pharmaceuticals will soon run out and people will not get their regular drugs that are keeping them alive! This is the plan of the Gates foundation, Gf, along with their mass vaccination and digital tattoo ID agenda.

43m In France people are getting skin rashes, which is another phase of the disease spectrum. The skin is part of the brain, like the lungs and associated organs. The redness and painful rash are created by the Calcium field energy, and the treatment of this is spraying or soaking with COL1 plasma water. Shows some pictures of the rash that look to my medical eye like Raynaud's phenomenon, a painful red rash associated with cold temperatures and frosty days.

0115h: MK says he has a report from doctors in Wuhan that is very dire, and showed only a 10% survival across several cities, or 90% mortality! *Notetaker Note: This does not compute with the stats coming out of Italy, Spain, UK, New York, Australia etc which show more like at the most a 1% mortality overall, and mainly due to comorbid conditions and not directly to the virus. The best experiment we have in Oz is the cruise ship Ruby Princess in which there were over 600 elderly people with positive COVID19 swabs – 19 of whom have now died as of 2 days ago, an approximate mortality of 3% across an elderly population with lots of comorbidities) Either way I am inclined to take these prognostications with a grain of Celtic Sea Salt, through which my other wing @@ and I have proven beyond a shadow of a doubt that the science is real and effective. Hence, I was very happy when at 0124h MK went back into the science and started a new drawing about the 1<sup>st</sup> 2 Cups and the 3<sup>rd</sup> Cup etc...*

0123: With Cups of Life 1 & 2 MK shows us how to elevate the physicality, and the process can be done with the Cup of Man; the 1<sup>st</sup> 2 cups are not needed. When we make a COM we do not look into the GANS of the cup, we look into the soul of the cups. This is where we will find our strength, and this is where you become twin of a set. When MK explained the COL and the COM we (knowledge seekers) always looked at the physicality. In COL1 he gave us the physical dimension of the white tissue, In COL2 he gave us the soul of the condition of the physical part of the muscle tissue. In the COM he gave us the interaction between the soul of the physicality and the soul of the Man. “In a way you’ve built yourself and your twin sister (system?) When Number 1 is stronger because it carries the Zinc, Number 2 is weaker, which carries the copper. In a way when the soul of the man through the emotion, gives to the physicality, you have now created what we know as a single soul.” MK draws an infinity loop around Cups 1 and 2 in the COM arrangement, then draws a box around that and says “this is the cup of the soul of the man, we call it the man. Now I stand the man in front of his Cup and put the soul of the man (draws an orange spot in man’s head) then now you understand the gift I gave you.” He draws a man figure with soul in his head connected to the soul between the cups, connected by another field flow in a figure 8 or mobius strip

MK Starts another drawing on same board, lower left: “If you understood, you should have made the Cup this way – the Cup of the Soul of Man, and the Cup of the Soul of Physicality. Then when you stood Man in front of it you would have this and in so many ways you should have got your answer... In a very simple way. The Cup of Man is not a cup to drink – the Cup of Man is the Soul of the Creator to give – and in so many ways, if you made the Cup of Man with absolute purity of heart, the man can be you or your children, or anywhere in the ethos

of the Kf. We are here to serve, (and not to be served) – this is the ethos of the Kf. We Love. We Give. Loving is Giving.”

In this drawing we have COL1 and 2 top right, COM top right, how the human interacts with the COM lower left, and lower right the interaction of our Cup with other people children friends and Kf Seekers around the planet...

0128: The knowledge seekers are still wrapped in the rope of physicality and never understood this Ethos. People are making statements saying their cups are not producing any GANS, MKs answer is “[what a stupid comment! Can you see the strength of it’s soul? You are in deep trouble ... so extend the soul!](#)” 0131: With this crisis lots of people will run out of drugs and pharmaceuticals, but if we run out of our drugs we can put our medicine in the Cup of Man (make a GANS of our drugs)... we should put drugs for mind and emotions in COL1 and for physical problems in COL2. Opiate addicts can put their drug in in the COL1, so it works through the soul, not the physicality, to elevate the soul of the man in the Dominion. (a higher level of the universe.) If we understand the process and not become a copycat we will find a table of food in the COM that will feed us through time, though the soul of the physicality.

0136 MK draws a picture of the Kf structure with 2 women the Yin and the Yang at the centre... 0138 “[Is the word Mahdi, Messiah, Shaddai – whatever you call it, is it the name of the Creator? And is today His birthday?](#)” MK appears to be saying it is time for the coming of the Messiah/Mahdi in ALL of us, in this Cup of Man. This is what makes man (and woman) his own King (and queen) either on his own spaceship or on Spaceship Earth

the seat of kingship.

0151 The old Jewish practice at Passover/Pesach/Easter was to put a cross of blood from an animal at the door and the virus would pass over. The blood was a GANS like in the COM. This time we don't sacrifice. "We gave you the knowledge which you fell into through your stupidity. In the coming time we'll make the COM the Soul of the Creator – there is no need for physicality."

0153: Wang Lin in China brings a report from a Chinese man who no longer needs to eat and drink to survive. He wants to receive more information on how this works and how he can improve his soul to reach the Universal Society? MK answers that he can live this way for a thousand years, and that in this condition we have the ability to create children through the soul or the physicality. Now we understand our schizophrenia with the realms of physicality and the soul.

0200: Iranian Kf is getting in touch with Farsi communities all over the planet to give them the plasma tech to save their lives. Gates foundation (Gf) is using every trick in the book, every trap and every attack in the book, to shoot down the Kf. With the plasma tech there is no need for vaccines. COL is effective with ALL viruses but keep on using it once a day for the next 6 months – spray the body – keep spray bottles next to your toothbrush in the bathroom- this is for saving your physicality not your tooth! 😊 We will evolve with the technology - allow the COM to evolve with us... MK then says a Farsi word that indicates this day has a special meaning and is the birthday of the Mahdi within all mankind, also on a deeper level the structure forming with Iranian groups around the planet.

0220: Stefania Italian UC member and MOZHAN was hit by COVID19 and it was a 2-week process to get over it though she was out of danger on the first day. It took quite a while to get her energy back. She is mentally uplifted but took some time for her body to recover strength. She is recommending everybody to use the GANS as it is such a beautiful journey, the best thing that could have happened! Stefania explains how this experience made her feel the same as when she went through the MOZHAN training 0235. Arabic UC member Jamilla

also reports she had the virus. She flew from the Kf manufacturing plant in Arizona and arrived in Paris 2 days before lock-down. She had a fever after a few days and felt the virus trying to attack her lungs – recovered quickly with the GANS and made cups for her whole family 0245: MK plays a video of Jamilla wrapped up in her GANS soaked clothes.

0218: The first Body ENHANCEMENT unit is being shipped to Austria. The price on these units has dropped from 1million to 250K Euros.

0250: The head of the Kf is Ella in Italia. The future of the Kf is in the hands of 2 women, one Chinese, the other not Chinese. 0258: MK quotes Baha'u'llah's rule in His Most Holy Book *Kitab-i-Aqdas* that says if a person has a male and a female child, and has only enough means to pay for the education of one child, the female child should be educated, because the female will educate the children of mankind. 2058: MK goes into some deep Zoroastrian mysteries involving the Number 9 (today being the 9<sup>th</sup> April) and this is the completion. MK appears to be saying that this Passover Easter which celebrates the crucifixion of Christ and his resurrection on the 3<sup>rd</sup> day, is celebrating the birth of the Mahdi or the Christ within all of us. He talks about the importance and the blessing of Iran taken over by the women in this crisis, while it is time for the men to bark. MK then has a good laugh when he receives a text from Doug MacDonald in Australia saying that it was the same in Scotland where the women ran things while the men used to sit around, bark, and rattle their swords!"

0310: MK goes back to the Chinese report and says the Chinese have lied to the world ad continue to lie about the huge death toll in these eastern Chinese cities. Shows a photograph of a Chinese motorway system that has very few cars.

0322: Report from the mayor of Busshir a large city in Iran. 0326: Azar explains the situation in Iran where there are 2 groups on the Government. One wants to relax all the restrictions let the economy come back, and allow approximately 15 Million people with comorbid conditions to die. The other group wants to pay all the people a certain amount (2 million Tumans?) to stay at home for another 6 weeks and let the virus pass then everybody will survive. MK says that this same problem sits with all the mayors of major cities across the planet, from New York to London to New Delhi and Auckland.

Note from Notetaker: Today I had an update from the NZ Medical Council that they are considering the pros and cons of similar options, and I have reports from my kids in NZ that the government has come through with a weekly payment for everybody that covers the basic bills. To me this is almost like a Cup of Life, and I reflected on the fact that the IRD (Inland Revenue Department) whose function is to take money off people, appears to be in process of being replaced by the CUP (Community Universal Payment or *Putea*) – (it works in both Maori and English) whose function is to give money to people.

The British Government has made a policy that people with underlying heart or lung disease will not be resuscitated. This is the same with ALL the Governments. The Kf has documents showing that the Gf has bribed all the world leaders and made an arrangement with all governments to give over control to the vaccine (and the digital tattoo proving vaccine status). They have taken nature to ransom, and there will be a lot of fatalities, but the human race will survive this as they survived Fukushima. 0330: The Corona is made to Crown one

person, but MK has a message for him; “Not in My Time! Not in My space!” 02331: Azar points out that the people in government who want the 15 million to die in Iran are the same ones that have invested in vaccine companies and been bribed by Gf. MK goes on for a while with dire prognostications for the whole planet, sounding more and more like his ancestor Noah!

0342: A question from Liliana in Spanish group translated by Jon of Argentina, about the interference that 5G radiation might have with making GANS? MK thinks that 5G frequencies can interfere with human health and immunity, by blocking uptake of Oxygen. But the Corona is more associated with the energy of calcium. It's not the whole picture as Iran does not have 5G yet but still effected severely by the virus... It has its own damages but not connected with the Corona... Rick says that the virus is a gift to humanity making us develop the new tools – Stefania agrees – the souls are getting educated in the Universe and Unicos – therefore reaching so much strength that the virus and the 5G etc and the pollution are no longer an issue – we have no excuse to feel like victims – we can unite and understand the power in our hands, each one of responsible, - **all the things disappear in thin hair!** Azar is saying that the Kf knowledge in Iran has become a virus – kf is going to every village in Iran as Iran is becoming the center of new knowledge. At age 17 she bought new apartment in Tehran and she knew some American friends, but after the revolution her friend had a scarf covering her face, hiding behind a hijab ... then she found she and her husband had political positions in Iran. MK says same problem in China, American passports not a good thing to carry. Pretty soon an Iranian passport will be what everybody will want.

0400: The departure of so many souls from the pandemic has multiple reasons, One, this brings man to a position of no respect for wealth and governance Two, the opening of the space interaction. Many companies will go this way and governments will develop the new technology, Arizona and China will take the lead... Soon the entire human race will recognise the UC and the UC. These souls departing came to make the way for mankind. Why so many in one go? What do these members bring? Our governments cannot govern, the Kings and Queens hidden in the palaces can't do anything. Looting of palaces will take place soon, art works do not feed the stomach of the people. A very interesting video on internet is said to be in America! It shows people ransacking a huge supermarket, and American marines wandering around with machine guns not able to do anything. Everybody better get cash at home for when the electronic system collapses... when bank system collapses your money has no value - mankind is getting ready for that change – churches are being used as mortuaries... Where is the priest, or the man of God? Leasing his space to the Corona virus! ... Rick asks what will happen to the Bibles? – MK says they will be used to burn the bodies. And are the men in the coffins suffering like the man on the cross above them? Nobody will go into the House of God for fear of dying. 0415 Stefania's thumb appears in the picture showing calcification under her thumb nail from the virus.

0432 MK tells the story of how John of Belgium working for the K of B put poison on the papers that MK was handling, and actually told MK a story about how they poisoned people with poison on the Books of God in the Vatican in former times. 0434 In the Middle East people are not going to the mosques but praying and singing in their private spaces so it can be heard across the towns... they have brought the mosques into their hearts... 0438: MK says good bye to everybody a good hour before the end of the workshop...

Notetaker Note: At this point of listening and note taking I noticed a live broadcast from Dr. Steven Greer, another one of the great planetary teachers at this time, who has just released his film, *Close Encounters of the 5<sup>th</sup> Kind*, and also released an App which is training program on how to interact with interstellar beings, and keep in touch with your local CE5 group, as well as with the higher order beings of the Universal Community. This training goes hand in hand with MK's teaching, with different types of applications of the knowledge. Both SG and MK emerged from a background of Bahai faith, which is the main reason I have continued to keep in touch with both of them... One of the things SG mentioned today is that our REM sleep condition is a kind of training ground also for this sort of interaction, as this consciousness is with the light body that goes beyond time and space, so in this way we have all had pre-cognitive dreams in which we see what will happen in the future...

0453 Azar asks how the Corona virus makes Calcium. MK makes a drawing of the fields of the earth interacting with the fields of the Sun and creating packages, eg Calcium, Nitrogen. When these packages are drawn down to the Inertial field of the earth, they manifest in the matter state. MK makes a very colourful diagram of how the earth makes calcium on its surface and shows the corona virus doing the same thing on the surface of the cell.

0500: MK starts another diagram showing the COL1 making the GANS of Mg and CuO. Mg connects things together in the body. If you add the GANS of Mg, Calcium goes from the matter to the GANS state. We end up with a very complicated diagram showing simply that Mg pulls out the Ca from the matter state. MK comments that this stuff needs to be taught over centuries.

There are ongoing comments from Rick and Azar... Azar says if she sends LOVE to the virus it should deal with it too. 0511: MK says yes and in this same way we can create soul children without physicality. Likewise, the soul creation of the COM is a creation of our Soul. 0516:

Azar says this sort of knowledge will make the doctors look like magicians just like Avicenna looked like a magician in his day...

0518: Ella concludes the workshop by presenting a challenge to knowledge seekers to pick up and help with the transcribing work, to correct maybe a hundred lines of computer generated subtitles. Doing this on last week's Knowledge Seeker workshop a few of them managed to get a corrected transcript on the YouTube video by 30 hrs after the workshop. Ella encourages anyone interested to get in touch ... there is support from more experienced members to help people pick this up... Ella then presents a new format for the Kf Plasma Times, which has been a bit delayed but is an awesome product, very professional, with assistance from an Iranian team for the new look.

MK finishes with a few comments and repeats his message about the GANS of medicine being able to be made and can be harvested through the amino acid of the Cup. "But if you try to help with the soul of the man maybe you don't need the Cup."
